

## Dr Mark Uren

Dr Mark Uren graduated from the Sydney College of Chiropractic in 1983 and completed a post-professional Master of Chiropractic Science Degree at Macquarie University in 1991. Mark has practiced in Lane Cove, Sydney, since 1984. The practice focus is on improving health and wellbeing for all ages. Mark has served on a range of chiropractic organizations including the Chiropractors' Association of Australia and The College Council of the Sydney College of Chiropractic.

Mark serves as Honorary Treasurer of the Australian Spinal Research Foundation and is the Chair of the Clinical Advisory Panel, a member of the Research Agenda Working Committee, and CEO Review Panel for Spinal Research. He has also held the position of Logistics Coordinator for the Dynamic Growth Congress, encouraging and empowering more than 130 volunteers to contribute to this amazing event and raising funds for Spinal Research. He is passionate about Chiropractic's fantastic ability to maximise human potential and the human experience. Mark's aim is to see that we, as a profession, scientifically document the biological, physical and psych-social mechanisms of the chiropractic adjustment.
