

Dr Martin Harvey

Dr Martin Harvey graduated from Macquarie University in 1992. He has been in private practice since graduating. He practices in a family focussed practice in South Melbourne emphasizing pro-active care. Martin has served the chiropractic profession on the boards of the Chiropractors Association of Australia (Vic), Chiropractic Education Australia and Spinal Research. He has received four Meritorious Service Awards from the CAA and was honoured as an inaugural Member of the Australasian College of Chiropractors.

Martin is the Chair of the Parker Organising Committee, provides the chiropractic and general health content to Spinal Research's "Illuminate" newsletter and serves on the Clinical Advisory Panel, the Research Agenda Working Committee, and the Dynamic Growth Programming Committee. Martin is the current President of Australian Spinal Research Foundation. Martin is inspired by the potential that chiropractic care has to transform the health of our communities in a cost-effective, efficient and safe manner. Martin's other passions are his family, surfing, wine, food and running.
